Spring/Summer 2009

Volume 11, Issue 1

**M**any residents and friends have acknowledged that tangible impacts on individual lives — be it through loss of jobs, increased home mortgage payment difficulties, delayed job retirement, less money to spend or less willingness to spend it — have focused them more on what is most important in their lives. Hopefully, one of those things is “**Community**”.

Since the late nineteenth century, to quote others, “the use of the term *community* has remained to some extent associated with the hope and the wish of reviving once more the closer, warmer, more harmonious type of bonds between people vaguely attributed to past ages.” *What are some of the things we who live in East Windsor Township can do to strengthen and enrich our “community”*.

**Help and support those around us in our community.** Many individuals and families are experiencing difficult times in this economy. Let us all keep an eye on our families, friends and neighbors to see how we can lend a hand. Be more aware and supportive of the many organizations and non-profits which provide moral and financial support to those in need in our community. Our community should move forward together.

**Get involved and contribute to our community.** There is an abundance of ways in which anyone can contribute. Our municipal government has many volunteer **Township Boards and Committees** which advise and strengthen the work of the Mayor and Council, in areas including planning, senior citizens, recreation, economic development, health, and clean communities. Also, the **East Windsor Municipal Alliance for the Prevention of Substance Abuse** assists in administering a County grant, and helping to design and support intervention and educational programs to deter drug and alcohol abuse within the community. High school students also are invited to join.

**East Windsor Crime Watch Committee** is always looking for new recruits, to help establish citizen/police partnerships to keep our neighborhoods alert and crime free. The **Domestic Violence Victim Response Team** offers a very special volunteer opportunity, to assist in providing support and comfort to domestic violence victims.

The **East Windsor Police Athletic League**, **Hightstown-East Windsor Youth Baseball League** and **Pop Warner**, all sponsors of sports programs for our youth, are great organizations to support and for which to volunteer. Our area **Boy Scouts and Girl Scouts** are a wonderful place to offer your help.

Senior citizens, and frankly everyone, can help out in many ways volunteering at the **Township Senior Center**. A real gratifying means for seniors to volunteer is as “**GranPals**” in our elementary schools, assisting kindergartners with reading and other areas of skill development and special activities.

Join the Township “**Adopt-A-Spot**” program to show pride in keeping our public areas litter-free throughout the year. Or if you cannot do an on-going commitment, come out for a few hours, once or twice during the year for special Township **Clean-Up Days**.

It takes a very special person to be a **Volunteer Firefighter** or **Volunteer Rescue Squad Member** but the satisfaction and rewards are enormous. You need no special background or training to sign up. And young people are welcomed in the cadet programs. Check it out - it is great.

**Attend our many community events.** The Township sponsors many free events throughout the year. Perhaps the most popular is our **Independence Day celebration** with music and fireworks (calendar July 2). Don't miss the Summer **Concerts** and **Movie Night in the Park**. A great educational and fun community get-together is National Night Out held on the first Tuesday in August at the Township police building.

The Township offers a whole variety of safety programs including **Bicycle Safety** and **Car Seat Checks**, as well as fun contests for young people. The Township-sponsored **Youth Police Academy** is a great opportunity for middle school students.

**Help educate and support our community's children.** Support our schools and students, and their many worthwhile activities and groups. It is sometimes termed cliché to say “it takes a village”, but the fact is it does. Children learn, flourish and mature best in a real community environment. And for that matter, so do we all.

### East Windsor Township Celebrates 5th Anniversary of Senior Center

East Windsor Mayor Janice Mironov and Council Members celebrated the five year anniversary of the opening of the new Township Senior Center on September 21, 2003. The construction and equipping of the 11,000 plus square foot state-of-the-art Senior Center was accomplished by use of federal, state and county grants and private donations, not municipal property tax dollars, serving as a great model of government partnering for an important project. The Center was constructed on land generously donated by Presbyterian Homes and Services.

The Township Senior Center has served as such a wonderful focal point, offering to local senior citizens a great place to engage in a variety of recreational, educational and health-related programs and activities, make new friends or just hang-out. The Center offers a wide range of activities including computer classes, yoga and tap dancing classes, exercise, arts and crafts, bingo, billiards and health screenings. The Township sponsors a community bus, funded primarily from a federal/state grant, which provides transportation to and from the center, to local shopping centers, doctor's appointments and special recreational trips. For additional information, call 371-7192.

Mayor Mironov and Council Members were joined for the celebration by Mercer County Executive Brian Hughes and Freeholders. The formal program was followed by a tree planting with a granite marker commemorating the event.

Strategies identified through the study might also be applied to other areas of the Township with similar challenges. .

## Dutch Neck Road Speed Limit Reduction

An ordinance lowering the speed limit on Dutch Neck Road by five miles per hour has gone into effect. The speed limit change was based upon review and recent approval of the NJ Department of Transportation. The Mayor and Council have been working with area residents in addressing local concerns, and this speed limit reduction follows other steps including enhanced signage, in-street pedestrian signs and establishment of a no-passing zone.

## Grant Awarded for Hickory Corner Road

Mayor Mironov and Council have received a \$290,000 grant from the NJ Department of Transportation to resurface Hickory Corner Road between Route 130 and Oak Creek Road, including the intersection. ## No Passing Zone for Hickory Corner Road

### Township Youth Police Academy

Mayor Mironov recognized Employees of the Year for 2008: Police Officer Jason Hart, Anthony Zarudski, Public Works Department and Christine Hodapp, Recreation Department. Mayor Mironov and Council Members, along with Chief Spain and the police department, are sponsoring a week-long Township Youth Police Academy for students entering 7th and 8th grades. The program will run from June 22 through 26. This popular community-based program is designed to inform middle school students about the structure and operation of the police department. Applications for enrollment are available at the Kreps School guidance office, the Township Clerk's office and the Township police department. For more information, contact Lieutenant Joseph Bonavico at 448-5678 ext. 233.

### Township Files Housing Plan

The Township, under State-created duress, prepared and filed a plan with the NJ Council on Affordable Housing (COAH). By filing the plan, the Township will continue to be protected against developer zoning lawsuits. However, Mayor Mironov and Council have strongly voiced the opinion that the State needs to establish a more rational, achievable and resourced affordable housing program which is fiscally responsible, consistent with smart growth, sensitive to environmental concerns and furthers a positive and vibrant economic climate. The Township does not believe that the current COAH regulations are properly designed to achieve these goals and will burden property taxpayers and discourage new business. Mayor Mironov and Council have joined forces with over 250 other municipalities through the NJ League of Municipalities to file a court challenge to these COAH regulations.

### New Playing Fields on Disbrow Hill Road

The design has been completed for the new playing fields on Disbrow Hill Road, directly across from Etra Lake Park, and the project has gone out to bid. The recreational fields will consist of two softball fields, compatible for use by both adult and youth leagues with adjustable baseline dimensions and two multipurpose soccer/lacrosse fields. The site will include parking, necessary drainage/detention basin, and a new well/water treatment system for irrigation for the fields. The new facility will be located on part of 59 acres of open space acquired by the Township with Green Acres grant funds. Mayor Mironov and Council Members obtained \$1.2 million in county and state grants to support the project, geared to expanding playing facilities for our children and local sports organizations.

*Future site for new playing fields is located across from Etra Lake Park.*

## East Windsor/Hightstown Receive Grants

The NJ Department of Community Affairs has awarded East Windsor Township and Hightstown Borough two grants totaling \$55,873 from the Sharing Available Resources Efficiently (SHARE) program. The initial grant award of \$45,873 was to provide funds for the towns to contract for an independent review of sharing law enforcement resources to determine the feasibility and benefits, if any, of East Windsor Township providing police services to Hightstown Borough. A second supplemental grant of \$10,000 was awarded to support a study of sharing municipal court facilities and services.

Mayor Mironov and Council believe that, in this climate where costs continue to escalate, we are always interested in trying to identify efficiencies that can be passed on to property taxpayers, but always stress for any sharing or other arrangement to received serious consideration there must be identifiable tangible benefits to the Township and East Windsor taxpayers.

## We Made a Difference

We are asked all the time why we volunteer all the hours that we do and get up at all hours of the night in any type of weather. For those of us that belong to the volunteer rescue squads and fire companies, we just say that we do what we do because it is in our blood. For those not involved in these fields, it is very hard to explain why. Then, every once in a while, something happens that lets us explain why we do what we do.

On Saturday, October 11, 2008, the volunteer members of East Windsor Rescue Squad District 1 and District II were dispatched for an infant not breathing. The first responders were on the scene in less then 1 minute. The first members on the scene found the baby lying on the bed not breathing and with no heart beat....she was clinically dead. The crew immediately took over CPR from the parents. Shortly after that, the ambulance and paramedics arrived on the scene. The baby was rushed to the ambulance and the trip to the emergency room was under way with an escort from the East Windsor Police. Upon arriving at the hospital, the baby was breathing on her own and her heart was once again beating.

This newborn baby, who was 100 days old, will now have a second lease on life thanks to those people who responded that night. We made a difference that night....and that is why we do what we do.
