

East Windsor Township

Fall/Winter 2011

Volume 13, Issue 2

Our “**Greening of East Windsor**” has a long honored tradition, demonstrated by a lengthy list of projects, programs and public outreach. East Windsor of course is proud of our proactive, successful efforts to keep East Windsor green through **Open Space Acquisition** and **Farmland Preservation**. The Township has been awarded almost **\$10 Million in State/County grants**, as well as substantial developer funds and land donations to purchase open space, without use of local tax dollars.

The Township also has focused on many other environmental initiatives, including the creation of an **Arboretum at Etra Lake Park**, the **Municipal Building Memorial Tree Grove**, and 11 year designation as **Tree City U.S.A.** Active and regular outreach to students include **Arbor Day** events with special tree plantings and distribution of tubelings to young children, educational events for students including **Recycling Poster Contest**, **Environmental Suggestion Box Contest**, **Student Board Membership** opportunities and development of several **educational books and brochures** for student use, such as the “*Native Tree Guide*” and “*A Day in the Park*”, both focusing on Etra Lake Park.

The Township has put in place many **municipal regulations and policies** to further green objectives. Examples include An Ordinance Governing the Preservation, Protection, Maintenance and Removal of Trees, Cluster Ordinance provisions and Environmental Assessment Site Plan Review regulations. A **new Forestry Management Plan**, funded by a Green Challenge grant, was just filed for an additional five year certification. A **Landscape Architect**, funded by developer deposited fees, reviews all development applications filed with the Township.

East Windsor continues to “Go Green” with a series of new and on-going initiatives. The Township is seeking certification under **Sustainable Jersey**, a program for New Jersey municipalities that want to go green, save dollars and take steps to sustain their quality of life over the long term. A municipal **Green Team** has been appointed to advise the Township on means to enhance municipal operations with “Green” initiatives that are determined through research and evaluation to be economically and environmentally sound. Sustainable Jersey certification enables the town to be eligible for further grant opportunities.

East Windsor has performed multiple **energy efficiency reviews of all municipal facilities**. First, the Township participated in a free energy audit by PSE&G that resulted in energy efficient **upgrades to lighting** in municipal buildings. PSE&G provided funding for 80% of the cost to upgrade the fixtures with new energy efficient bulbs and ballasts. The Township cost of \$22,990 will be recouped in less than one year through the resulting estimated annual savings of \$32,810.

The Township performed **further facility energy upgrades**, using awards of \$60,789 in funding toward energy efficient improvements to municipal buildings, a \$20,000 grant from the Energy Efficiency and Conservation Block Grant Program and \$40,789 in funding under the NJ Office of Clean Energy Direct Install Program. The program involved the installation of occupancy sensors, compact fluorescent lights, exit signs and small fans and pumps. The identified energy efficient improvements to the municipal building and the police building will result in an annual energy savings of \$18,070.

The Township has been **exploring the use of solar energy** generation for several municipal facilities. East Windsor has been working with the Mercer County Improvement Authority, Municipal Utilities Authority and other potential partners to evaluate the most feasible cost-effective means to move forward a municipal solar project. East Windsor has decided to proceed with a possible **solar array for the police/court building** to enhance our environment and reduce energy costs.

East Windsor has strong **Recycling** practices and programs. The municipality has a **Drop-Off location** at the public works facility on Ward Street for computers and computer equipment, televisions, automobile tires, used motor oil and other items. **Township Recycling Days** have been held twice a year, offering to residents free document shredding as well as a means to dispose of all sorts of unneeded household products. Check out the East Windsor Township website at www.east-windsor.nj.us for further details. We remind residents that when you recycle items rather than dispose of them in the waste stream, you not only help our environment but save substantial dollars spent on garbage collection and huge disposal tipping fees.

The goal of maintaining and growing East Windsor “Green” hopefully is one shared by all residents in our community, and we **encourage everyone to play a role in supporting and promoting The Greening of East Windsor**.

Township Receives \$350,000 Green Acres Grant

The New Jersey Department of Environmental Protection and the Garden State Preservation Trust have approved grants of \$350,000, \$250,000 to East Windsor Township and \$100,000 to East Windsor Green Space, Inc., for the acquisition of open space under the Green Acres Program. East Windsor Green Space, Inc. is a non-profit created to partner with the Township to maximize funding for open space acquisitions.

The grant funds will be used to acquire additional open space sites listed in the Township State-approved Open Space and Recreation Plan. There are several parcels currently being considered for public acquisition, including on Old York Road, Conover Road and Etra Road. East Windsor recently acquired a 30 acre property on Disbrow Hill Road and is close to finalizing additional acquisitions of 40 acres on Etra Road and donations of 38.4 acres on Wyckoffs Mill Road and 7.55 acres on Airport Road.

With these most recent grants, the total amount of Green Acres funds approved to date through the New Jersey Department of Environmental Protection for the Township and East Windsor Green Space is over \$6.35 million, along with approximately \$3 million in Mercer County open space grants and over \$2 million in developer donations.

Tree Replacement Project

The Township has completed the first phase of tree replacement, planting 4,400 trees at the site of the Disbrow Hill Road new playing fields and on Township properties along Milford Road. The Township has applied for a second phase of planting which is anticipated to take place in spring of next year.

A settlement with the State restored to East Windsor the entire \$4.9 million owed to replace trees destroyed by the New Jersey Turnpike Widening Project. Under the agreement, East Windsor received \$1,316,442 in December 2010, and can receive payments of \$1,832,619 in 2011 and 2012, to replant the almost 17,000 trees bulldozed in East Windsor by the NJ Turnpike Authority.

The Mayor and Council welcome ideas from residents and associations regarding tree planting projects, with the proviso that the State allows the planting only on public property or within public rights-of-ways.

Community Forestry Management Plan

The Township has submitted to the State Forest Service for approval an updated five-year Community Forestry Management Plan. The existence of a Community Forestry Management Plan is an environmental plus and enhances municipal grant opportunities. The Township was awarded a \$3,000 New Jersey Department of Environmental Protection Green Communities Grant for hiring a consultant to assist with the updating of the previous five-year plan.

Township Continues to “Go Green”

East Windsor has appointed a Green Team to work on community “Green” initiatives. The Township anticipates obtaining Bronze Level Certification from Sustainable Jersey, a certification program for municipalities in New Jersey that seek to “go green”, save money, and take steps to sustain long term environmental quality.

The certification would recognize the Township’s efforts in recycling, environmental resource protection, energy conservation and sustainable land use practices. Certification will enable East Windsor to qualify for future grants and new funding opportunities.

Police/Court Building Solar Project

The Township is moving forward with plans to place a .6 Mw solar facility on 2.5 acres of property adjacent to the Police/Court building. The Township expects to receive competitive proposals for a 15 year Purchase Power Agreement, whereby a private company will design, build and operate the solar facility and the Township agrees to purchase the power at a significantly discounted cost. McGraw-Hill has expressed a willingness to make this land available to the Township to facilitate this project.

Township Awarded 2011 Clean Communities Grant

The New Jersey Clean Communities Program has awarded East Windsor a grant of \$39,376. The New Jersey Clean Communities is a state-wide litter abatement program created by State legislation and managed by the New Jersey Department of Environmental Protection and the Clean Communities Council. The Clean Communities Act establishes a funding mechanism for the program by placing a user fee on manufacturers, wholesalers and distributors who produce litter-generating products.

East Windsor Remembers 9/11 at 10th Anniversary Ceremony

The Township held a community-wide ceremony on the 10th Anniversary of September 11 to remember the events, the innocent victims and the heroic first responders. The ceremony took place at the 9/11 Memorial located on the grounds of the Township municipal building with hundreds of local officials and residents in attendance.

Participants in the ceremony included: East Windsor Volunteer Fire Companies, East Windsor Rescue Squads, Police, School District, student organizations, Windsor-Hightstown Ministerium, Veterans Organizations, Scout Organizations, and East Windsor-Hightstown Chorale.

Pictured from left to right are: Chief Kevin Brink, Volunteer Fire Company 1; Chief Scott Prykanowski, Rescue Squad District 1; Chief Tristan Torres, Rescue Squad District II; Chief Barry Rashkin, Volunteer Fire Company 2, Mayor Janice Mironov.

Township Awards Sale of New Plenary Retail Distribution License for \$475,000

After extensive public bidding, the Township has awarded a new plenary license to Bottle King for \$475,000. Bottle King will open up a new store on Route 130 northbound, in the former Randall Furniture location. Funds generated from the sale of the license will support future Township projects.

New "Disbrow Hill Trail"

The construction of a new bike and walking path on 59 acres of Township open space across from Etra Lake Park is expected to be completed by year end. Mayor Mironov and Council Members successfully obtained \$24,500 under the NJ Department of Environmental Protection-administered Federal Recreational Trails Program.

The new trail, which will be approximately 8 feet wide, will begin at the entrance of Etra Lake Park with construction of a crosswalk, providing linkage to two existing trails, a two mile perimeter trail and a pathway to Twin Rivers. A portion of the 59 acre open space property is currently being developed using grants for a new playing fields facility. The pathway winds through the Disbrow Hill playing fields, connecting to a 120 acre Township -owned open space parcel along the southern border. Grant funds will be used to purchase the trail surface material, signage and benches.

Disbrow Hill Road Playing Fields

Construction continues on new playing fields at the new recreation facility on Disbrow Hill Road, across the street from Etra Lake Park. The recreational fields will consist of two softball fields, compatible for use by both adult and youth leagues with adjustable baseline dimensions, and two multipurpose soccer/lacrosse fields.

The fields have been graded and a full irrigation system and well have been installed, backstops have been erected on the softball fields, a 600 vehicle parking area has been constructed and the fields have been seeded and fertilized. Split rail fencing has been installed along Disbrow Hill Road and the detention pond. Evergreen tree buffers have been installed along the east and west property line. Work on completing the stormwater detention facility has been delayed by weather conditions and is expected to be completed by year end.

Mayor Mironov and Council Members obtained \$1.2 million in County and State grants to pay for the project, which is geared toward expanding playing facilities for local children and local sports organizations. The new facility will be located on part of 59 acres of open space acquired by the Township with Green Acres grant funds.

Roadway Improvements

Twin Rivers Drive

Improvements to Twin Rivers Drive, from Jamestown Road to Evanston Drive, were completed in September. Improvements included milling and resurfacing of the entire roadway, as well as repairs to curbs, driveway aprons and handicap ramps. Mayor Mironov and Council Members successfully obtained a \$250,000 grant from the New Jersey Department of Transportation to fund the Twin Rivers roadway improvements.

Elm Drive and Meadow Lane

Improvements on Elm Drive and Meadow Lane are scheduled to be completed in October. The project consists of repairs to curbs, driveway aprons and storm drain inlets, along with full roadway resurfacing.

Hankins Road between Route 130 and Woodland Drive

The project consists of reconstructing and resurfacing the roadway, improvements to curbs, drainage, driveway aprons and handicap ramps. The project is a joint undertaking between East Windsor and Robbinsville and is scheduled to be completed in November.

Route 130/Hankins/Conover Road Realignment

The Township is awaiting a decision from the New Jersey Department of Transportation (NJDOT) on its Concept Application for improvements to the intersection of Route 130, Hankins and Conover Roads. If approved by NJDOT, the Township will be in a position to evaluate the feasibility of this project. The project would realign Route 130, Hankins Road and Conover Road to a single point controlled by a traffic signal with left turning lanes.

Feldsher Road between Etra Road and the Millstone Township border

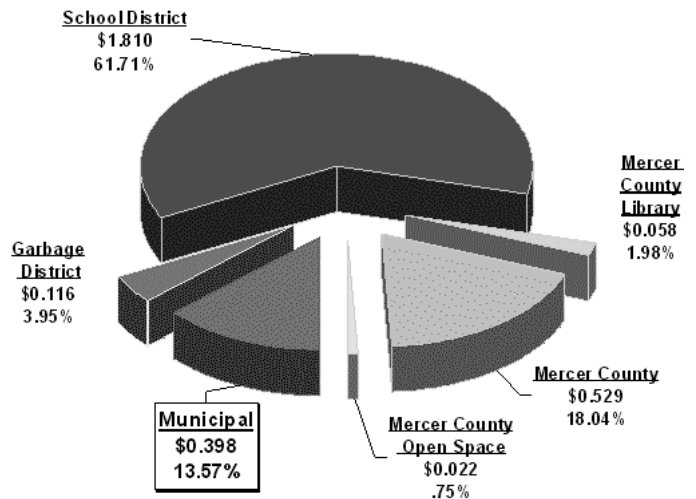

A contract for engineering services has been awarded for the reconstruction and resurfacing of the roadway. Improvements will include installing guardrails, erosion control, drainage and resurfacing the entire length of the road. The project is scheduled to be completed in mid-2012.

NJ Turnpike Widening Project Update

The Turnpike widening project is well under way in East Windsor. At the completion of the project, which the State projects will be in late 2014, there will be a 12-lane dual-dual roadway from Interchange 6 to Interchange 9. The NJ Turnpike Authority has closed part of Monmouth Street for work related to the Turnpike Widening Project. A new section of Milford Road is expected to open soon. Work on the new Exit 8 interchange is progressing with construction underway on an overpass over Route 33 to Route 133.

East Windsor Municipal Government Maintains All Township Services in a Fiscally Tight Budget

The entire Municipal tax increase of \$380,580 is due to the *State mandated pension contribution increase of \$527,675*, which resulted in a total 2011 State mandated pension contribution of \$1,938,352 (constituting almost 10% of the entire municipal budget). Further, the **State withheld from East Windsor \$905,000 in municipal receipts** in 2010 and again in 2011. Notwithstanding, the East Windsor tax levy is *\$500,000 below the allowable State mandated 2% cap*, that is, almost 2 cents below the allowable State tax increase.

At a rate of \$0.398, the Municipal Government is only 13.57% of the total property tax bill. The 2011 Municipal rate represents an annual increase of \$39 to the average residential property taxpayer, attributable to State mandates. The Garbage District tax rate remains basically flat. The Twin Rivers Planned Unit Development, all private communities, and all apartment complexes do **not** pay the Garbage District Tax, since they have private haulers for garbage collection.

The Township Council does not establish and has no control over 82.48% of your tax bill. These taxes are collected for Mercer County and the East Windsor Regional School District.

Legislative District Change

As a result of the 2010 Census and the corresponding new redistricting map, East Windsor will change from Legislative District 12 to Legislative District 14. The new District 14 will consist of East Windsor, Hamilton, Hightstown and Robbinsville in Mercer County and Cranbury, Jamesburg, Monroe, Plainsboro and Spotswood in Middlesex County.

Commercial/Business Updates

McGraw Hill is constructing a 14.1 megawatt solar array that will be located at the Company's campus on Princeton-Hightstown Road. The solar array project will be the largest privately-owned net-metered solar array in the Western Hemisphere and will power McGraw Hill's operations and data center.

Elementis Specialties, a leading worldwide manufacturer of chemical additives, is relocating to "Sci-Park" Science and Technology Center, on Old Trenton Road (County Route 535), across from Windsor Corporate Park. The company will be moving with its approximately 125 employees from its current outdated location on Wyckoffs Mill Road. The \$10 million interior build-out of the Elementis space at Sci-Park began in mid-2011, and the firm expects to take occupancy during the first quarter of 2012.

BR Printers, a global manufacturer of printed materials based in California, has expanded their facilities, opening a new production center in East Windsor. BR Printers, which occupies the 36,000 square foot building at 70 Lake Drive, commenced operations in East Windsor in April.

Aestus Therapeutics has relocated its corporate headquarters to East Windsor from New Brunswick. The company moved into space on 104 Windsor Center Drive, the development located on the south side of Princeton-Hightstown Road just east of Old Trenton Road. Aestus Therapeutics is a bio-tech firm developing medications focused on the accelerated development of first-in-class therapeutics for nervous system disorders.

Americana Hospitality Group received planning board approval for a commercial redevelopment project for the **Americana Diner** area on Route 130. The approved project consists of a new architecturally modern three story building, with a 15,000 square foot footprint and total of 42,900 square feet, which will contain a restaurant and retail space on the first floor and offices on the second and third floors. The existing 5,454 square foot commercial building which fronts on Route 130 is in the process of being renovated with an entire new facade. A new 10,025 square foot one story day care center, to be occupied by "Children of America", will be constructed behind the existing commercial building. The 10,296 square foot Americana Diner will remain the same, however, additional parking will be added. The current motel and the rear building will be demolished for the new commercial development.

Woodside Corner Mall, proposed for Route 33 across from the Days Inn, has received planning board approval to construct an 18,078 square-foot, one-story building housing an 8,172 square-foot day care center, 4,540 square foot restaurant, and a 4,288 square foot deli.

Township "We Check For 21" Campaign

East Windsor kicked-off the "We Check for 21" Campaign, a local initiative to deter underage drinking. As part of the campaign, liquor license holders are required to sign the "We Check for 21" Pledge as a condition of receiving their liquor license renewals. The Pledge affirms each liquor license holder's strong support for Township's "We Check for 21" Program.

2011 Sylvia Weiss Senior Citizen Volunteer Award Presented to Joseph Genovese

Mayor Janice S. Mironov presented the 2011 "Sylvia Weiss Senior Citizen Award for Outstanding Service as a Volunteer" posthumously to **Joseph Genovese**. The award was accepted by Joseph Genovese's widow, Carole Genovese.

Joseph Genovese was an active volunteer firefighter with East Windsor Fire Company No. 1 for 42 years, holding all the offices within the Company including President. He volunteered in his later years with the fire police as a lieutenant. Joseph received the honor of East Windsor Township Firefighter of the Year in 1981 and 2008.

A member of the Mercer County Fire Police and the Mercer County Firemen's Association, Joseph was also a master repairman, taking great pride in fixing equipment and saving money for the fire company, friends, and family. Known to befriend each new member of the fire company, he served as a great source of advice to younger members. He was also committed to looking after the families of departed company members.

The Sylvia Weiss Senior Citizen Award for Outstanding Service as a Volunteer, presented annually by East Windsor Township, recognizes a senior citizen who has exhibited outstanding service through volunteerism to the community by way of schools, religious institutions, service organizations or directly to the public. Sylvia Weiss is a former East Windsor Township Council Member, past Council senior citizen advisor and chairperson of the Commission on Aging.

Township Celebrates National Night Out

The annual National Night Out Against Crime event was held in August. East Windsor Township Mayor Janice S. Mironov and Members of Council, as well as Police Chief William W. Spain hosted this event at the East Windsor Police Athletic League Complex.

This year's event, sponsored with a \$5,000 grant from Target, attracted over 2,000 Township residents. Residents had an opportunity to meet and speak with local officials and were able to participate in police, fire and rescue demonstrations, and receive free photo identification cards for children and senior citizens.

All of the events were free of charge including various food and beverages which were supplied by local businesses and restaurants such as ShopRite and Moe's Southwest Grill.

Over 40 area volunteer groups, organizations and local business, such as Womenspace, American Red Cross, Target, 101.5 Radio and PNC Bank participated, along with East Windsor Rescue Squad 1, East Windsor Rescue Squad II, East Windsor Fire Company 1 and East Windsor Fire Company 2.

Pictured (from left to right) are: Police Chief William Spain, Christie Feraudo, Target Executive Team Leader, Human Resources; Brian Matuniak, Target Assets Protection Leader; Mayor Janice Mironov; Brandon Maits, Target Store Team Leader; Patrick Hollern, Target Executive Team Leader and Police Detective Joseph Gorski.

Sidewalk Snow and Ice Removal

The Township would like to express appreciation to the overwhelming majority of Township residents who consistently remove snow and ice from the walkways on their properties in a timely fashion. Your actions are in compliance with our municipal ordinances and serve to enhance the safety of our neighbors and school children who use these sidewalks on a daily basis.

The Township has received an increasing number of complaints over the course of the past winters indicating that some residents are not removing snow and ice from the sidewalks on their properties and/or failing to do so in a timely manner. A lack of clean sidewalks forces a pedestrian to choose between two dangerous alternatives, walking on a slippery sidewalk or walking in the street.

Township residents are reminded that they are required to remove snow and ice from sidewalks abutting their homes within 25 hours of the snowfall or the formulation of ice. Failure to do so can cause a property owner to receive a summons to appear in municipal court.

New Police Officer Takes Oath of Office

Mayor Janice Mironov administered the oath of office to new East Windsor Township police officer Joseph Amejka.

Police Officer Joseph Amejka graduated from South Brunswick High School and is currently completing course work for his Bachelor of Arts Degree in Criminal Justice from Kean University. In May 2011, Police Officer Joseph Amejka graduated from the Somerset County Police Academy. Police Officer Amejka fills the vacated position created by a recent retirement.

New Jersey Mandates Recycling of Computers, Computer Monitors and Televisions

Effective January 1, 2011, the State of New Jersey has mandated the recycling of **desktop computers, laptops, computer monitors and televisions**; therefore, these items can no longer be disposed of in the regular trash collection. Since the Township is required to comply with this new State law, Township residents need to cooperate and refrain from placing these items at curbside. The new State law does not apply to other electronic devices including but not limited to radios, stereos and telephones. According to the State law, any person who violates its provisions is subject to a penalty from \$500 to \$1,000 for each offense.

As a result of a partnership created by Mayor Mironov and Council Members with Goodwill Industries and Dell Computers, the Township offers recycling of desktop computers, laptops and computer monitors to Township residents Monday through Friday from 7:30 a.m. to 3:00 p.m., excluding holidays, at the Township public works facility located at the corner of Ward Street and Etra Road. The types of equipment accepted are any desktop or laptop computers, monitors, printers, scanners, hard drives (external or internal), keyboards, mice, speakers, cords and cables, ink and toner cartridges and software. Individuals are responsible for removing data from hard drives and other storage media.

LEAF COLLECTION PROGRAM

The Townships fall leaf collection program will begin on Monday, October 3 and end on Friday, December 30. The program plan is divided into Area 1 and Area 2 for scheduled pick-up. Please refer to the street index for the Area to which your particular street is assigned.

Area 2 Starts	Monday, December 5, 2011	Ends Saturday, December 10, 2011

FINAL PASS

Additional full passes will be made throughout the Township beginning Monday, December 12 and concluding Thursday, December 29, weather permitting. The final passes will cover both areas through December 30 or until the first significant snowfall. In prior years, additional passes were made through both areas due to a very successful program and very cooperative weather conditions. Public Works will strive to continue making extra passes in 2011. **Leaves may not be put out after December 23 to allow crews to finish the final pass by December 30.**

CHIPPING IS NOT DONE BETWEEN OCTOBER 3 AND DECEMBER 31. PLEASE READ CAREFULLY!

Once the Leaf Collection Program begins on October 3, curbside wood chipping is suspended until the Leaf Collection Program is completed. Chipping will resume on your bulk day beginning in January. Thank you for your understanding of the necessity for storing these materials during this time.

Beginning in January chipping will resume. Service will begin on the same day as your bulk pick up and continue through Friday if required. Each resident will receive one pick up only during each month. Once your chipping has been picked up, we will not return until the following month. Please refer to the Street Index for your bulk day.

EMT's of the Year Honored

Mayor Janice S. Mironov proclaimed Emergency Medical Services Week and recognized and honored **Kira Behen**, East Windsor Rescue Squad, District I EMT of the Year and **Donna Feldhaus**, East Windsor Rescue Squad, District II EMT of the Year.

Kira Behen first joined the East Windsor Rescue Squad, District I in 2003. Kira earned her Emergency Medical Technician certification in June of 2004 and will test for her paramedic's license in December 2011. Kira has held multiple positions within the East Windsor Rescue Squad, District I, including Safety Officer, Lieutenant and Captain, and currently serves as the Vehicle Engineer and Cadet Advisor, all in addition to her contributions as an active crew chief for both the ambulance and the rescue unit. In a proclamation, Mayor Mironov praises Kira Behen stating, "Kira Behen is personally responsible for two pediatric CPR saves and one adult CPR save, and used her vehicle rescue skills to assist in the extrication of three people trapped after a motor vehicle collision."

Donna Feldhaus joined the East Windsor Rescue Squad, District II in July 2009. Donna quickly earned her Emergency Medical Technician certification in late 2009 and took charge of uniform and operational equipment maintenance. Donna always plays a large role in the training and mentoring younger members. Donna was made Cadet Advisor in 2010 and Cadet Liaison to the Cadet Advisor in 2011. Donna has held multiple positions within East Windsor Rescue Squad, District II, including Active EMT, Crew Chief and Captain, where she is responsible for the ordering of operational equipment. In a proclamation, Mayor Mironov praises Donna Feldhaus stating, "Donna Feldhaus is well-known for her high response rate to calls on her duty nights and to second calls when needed, and for the active role she takes in keeping the ambulances in service."

Pictured (from left to right) are: East Windsor Rescue Squad, District I Chief Scott Prykanowski; Kira Behen, East Windsor Rescue Squad, District I EMT of the Year; Mayor Janice Mironov; Donna Feldhaus, East Windsor Rescue Squad, District II EMT of the Year and East Windsor Rescue Squad, District II Chief Tristan Torres.
