

# EAST WINDSOR TOWNSHIP 2015 GARBAGE DISTRICT DIRECTORY

## Overview of Services

Dear Resident:

**Please take the time to read our new Garbage District Flyer.** The flyer contains critical information about the services we provide and the schedules for waste collection. In order to provide you with the best possible service, the East Windsor Township Garbage District needs all residents to review this Directory and comply with the regulations and schedules. The Directory will provide you with schedules for the collection of trash, recyclable materials, bulk, white goods, tree limbs, brush, leaves and grass. Inside the Directory you will find descriptions of each type of refuse, the dates when each is picked up and the instructions for how to prepare each item for pick up.

**Please take the time to review the entire Directory.** By reading this directory carefully, you can find out how to best utilize our services and obtain the best possible service. By adhering to the schedules provided, residents will avoid refuse remaining at curbside for prolonged periods. This makes our community more attractive, reduces litter, and keeps our streets and sidewalks clear. By placing refuse materials at curbside properly, residents help speed the collection process. This reduces the time refuse is at the curb and reduces man hours expended by the collecting crews. Improper placement of materials at the curb causes delays in completing routes and in certain cases will cause materials not to be picked up.

In order to serve you better, we have a direct phone line specifically dedicated to assisting residents with problems or questions. The number is (609) 371-7152. This number may be called at any time and messages are checked frequently. The best times to call to speak directly with a foreman are Monday through Friday between 7 A.M. and 8 A.M. and between 2:30 P.M. and 3:30 P.M. At all other times simply leave a voice mail message and we will respond at our first opportunity.

We take great pride in providing a high quality of service to our residents. With your help and cooperation, we will continue to provide the critical solid waste and recycling services you rely on, in a manner that is efficient and cost effective for every resident.

William Askenstedt  
Director of Public Works

The garbage district is operated as a division within the Department of Public Works. The division is responsible for the collection of garbage for those residents who are within the district. This includes household garbage, bulk trash, white goods, and all varieties of vegetative waste including wood, brush, vines, leaves and grass. The Department of Public Works also manages the Township curbside recycling program which is provided to all residents within the garbage district. In addition, the Township operates a recycling facility for drop off of tires, car batteries, used clothing, televisions, computers, and all other electronics. This facility is open to all residents of the Township for **residential recycling only**.

While garbage district collection programs are the top priority of the Public Works Department, when emergencies do occur, usually as a result of weather, schedules may be temporarily disrupted. In case of an emergency, the Public Works Department diverts all available resources to resuming collection services at the conclusion of the emergency. Every effort will be made to return to posted schedules as soon as possible. Please remember that sanitation staff and vehicles are a critical component of the Township snow removal staff and that trash collection will be delayed during any snow storm where plowing is required. To receive important Township updates during a weather emergency, please sign up for the **East Windsor Township E-News** at [www.east-windsor.nj.us](http://www.east-windsor.nj.us). Schedule changes will also be posted on the Township website

## How to Use This Directory

This directory is divided into nine sections related to garbage district services. Each section describes the types of materials that are included in the solid waste category, instructions for their proper placement at curbside, any special information about the category, and a schedule for pickup. The sections are as follows:

1. Garbage Collection
2. Recycling Collection
3. Other Recycling Services
4. Bulk Collection
5. Grass Collection
6. White Goods Collection
7. Wood Chipping
8. Leaf Collection
9. Street Index

Section 9, at the end of this directory, is an alphabetical street index which will identify your area number (Either Area 1 or Area 2). This is important for determining your Garbage and Recycling days. You will also need to know your area number for Leaf Collection (Section 8), for Bulk Pickup (Section 4) and for Wood Chipping (Section 7).

## SECTION 1 – HOUSEHOLD GARBAGE

Garbage is collected twice per week. Area 1 is picked up on Mondays and Thursdays. Area 2 is picked up on Tuesdays and Fridays. Please check Section 9, the street index, for your area number.

Please allow us to remind you of a few regulations on household garbage service:

- ✓ **Make sure your garbage is at the curb by 7 A.M.** Garbage may not be placed at the curb before 9 P.M. the night before scheduled pickup. Empty cans must be removed from curbside by 9 P.M. on the day of collection.
- ✓ **Do not put out trash or other items in cardboard boxes.** Cardboard boxes are a recyclable item and cannot be taken with household trash or used as a container. This will result in the box being left at curbside.
- ✓ **Do not put recyclables in your garbage.** Household garbage should contain **trash only**. The cost to taxpayers for recycling is much less than for garbage sent to the landfill. Refer to the recycling section for a complete list of items that can be recycled.
- ✓ **Make sure your cans are in safe condition.** Cans with jagged sharp or cut edges, rotted bottoms, no handles are **safety hazards**. Please replace these cans for everyone's safety. For severe cases, a notice of violation will be left on your can. Dangerous cans must be removed from service.
- ✓ **The weight of each trash can or bag may not exceed 50 pounds.** Can size is limited to 32 gallons. Even regular 32 gallon cans get heavy very quickly depending on the contents. Please test the weight of your cans. If it feels too heavy, please use another can or bag! Overweight cans or bags may not be picked up.
- ✓ **Under no circumstances should household trash contain hazardous waste items.** This will result in your trash container being left curbside and could result in further action.
- ✓ **Do not put televisions or computers at the curb.** They will not be collected. State legislation effective since 2011 requires that computers and televisions must be recycled. Televisions, computers, and most other electronic devices may be dropped off at the Township Public Works Facility on Ward Street on weekdays between 7 A.M. and 3 P.M.

### Buying a New Garbage Can?

Make sure your new garbage can meets the following requirements:

- Cans may not be larger than **32 gallons**.
- All Garbage can lids must be **removable**

### Getting Rid of Paint?

- **Latex/Water-Based Paint** can be put in the regular Garbage, BUT you must dry it out first. Wet paint containers leak when compacted and leave unsightly residues on our streets.
- Oil-Based Paint and stains are considered Hazardous Waste and can be disposed of at Mercer County Improvement Authority's Hazardous Waste Disposal Days. Dates will be announced in the Township E-News and posted on <http://www.east-windsor.nj.us>. For further information, call (609) 443-4000, ext. 215.

### In Case of a Weather Emergency

When garbage collection is disrupted by **emergencies**, please leave your trash at the curb. Trash will be collected by additional crews later in the same day or as soon as possible thereafter. Please do not put trash in the street during snow emergencies as it impedes proper plowing and frequently becomes scattered when hit by snow from the plows.

**HOLIDAYS:** There is **no trash pick-up on the following Holidays**. If your pick-up day falls on one of these days, your garbage will be picked up on your next regular pickup date.

- Thursday, January 1 – New Year's Day
- Monday, January 19 – Martin Luther King Day
- Monday, February 16 – Presidents Day
- Monday, May 25 – Memorial Day
- Friday, July 3 – Independence Day
- Monday, September 7 – Labor Day
- Monday, October 12 – Columbus Day
- Thursday, November 26 – Thanksgiving
- Friday, November 27 – Thanksgiving Friday
- Friday, December – 25 Christmas Day

## SECTION 2 – CURBSIDE RECYCLING

Recycling is collected on **every other Wednesday**. See Section 9 to determine your Area number. You are in Area 1 if your regular trash days are Monday and Thursday. You are in Area 2 if your regular trash days are Tuesday and Friday.

### 2015 Recycling Dates

<b>Area 1</b>			<b>Area 2</b>		
Jan 7	May 13	Sept 2	Jan 14	May 6	Sept 9
Jan 21	May 27	Sept 16	Jan 28	May 20	Sept 23
Feb 4	Jun 10	Sept 30	Feb 11	Jun 3	Oct 7
Feb 18	Jun 24	Oct 14	Feb 25	Jun 17	Oct 21
Mar 4	Jul 8	Oct 28	Mar 11	Jul 1	Nov 4
Mar 18	Jul 22	Nov 11	Mar 25	Jul 15	Nov 18
Apr 1	Aug 5	Nov 25	Apr 8	Jul 29	Dec 2
Apr 15	Aug 19	Dec 9	Apr 22	Aug 12	Dec 16
Apr 29		Dec 23	Aug 26		Dec 30

### What to Recycle

#### DO

- ✓ Newspapers and inserts
- ✓ Magazines, catalogs and "junk mail"
- ✓ School, copier and computer paper
- ✓ Dry food boxes (remove liners)
- ✓ Powdered detergent boxes
- ✓ Shoe and gift boxes
- ✓ Brown paper bags and gift wrap
- ✓ Telephone books
- ✓ All colors of glass food, beverage jars and bottles (clear, green, or brown)
- ✓ Aluminum food and beverage cans
- ✓ Steel/tin bimetal food and beverage cans
- ✓ Decorative steel such as cookie tins/ band-aid cans
- ✓ Plastic bottles (#1 or #2 in recycling symbol)
- ✓ Juice drink boxes

#### DON'T

- ⊗ No waxed papers
- ⊗ No soda or beer boxes or frozen food boxes
- ⊗ No food stained boxes (pizza, etc.)
- ⊗ No oil or antifreeze containers
- ⊗ No paper towels or tissue paper
- ⊗ No fax or carbon paper
- ⊗ No paper plates or Styrofoam
- ⊗ No books
- ⊗ No ceramics, dishes, crystal
- ⊗ No milk cartons
- ⊗ No light bulbs, glass, mirrors
- ⊗ No paint cans, pesticide spray cans
- ⊗ No scrap metal, foil or food residue
- ⊗ No plastic film, tubs, bags
- ⊗ No chemical containers

### Did you know that you can put all your recyclables in one bucket?

Recyclables are currently collected under a newer system of recycling collection and sorting. Recyclables no longer need to be separated. Residents can use green or yellow recycling cans for any eligible recycling materials. This makes the recycling process easier.

#### Missed Recycling

If your recycling is not collected on the day scheduled, call (609) 443-4000, ext. 215 and be sure to provide your street address. When recycling is missed, the missed stops are collected within 48 hours from the time of notification to the contractor. Please do not remove recycling from the curb during that period.

#### Extra Cans

Additional or replacement recycling containers are available for purchase at Shop Rite on Route 130 and at Grooms Lawnmower repair on Ward Street. There is no limit to the number of containers that can be used. Recycling containers come in green and yellow. You may use either color or both colors for all recycling. Large cardboard can be placed loose.

## SECTION 3 – OTHER RECYCLING SERVICES

### Clothing Donation

East Windsor Township has undertaken a clothing donation drive in partnership with the Rescue Mission of Trenton. Clothing donation bins have been placed by the Township in the following locations:

- East Windsor Senior Center at 40 Lanning Boulevard
- East Windsor Fire Company No. 2/Rescue Squad No. 2 at 69 Twin Rivers Drive.

Residents are asked to drop off items in plastic bags. All clothing donations go directly to the Rescue Mission either to be sold in the Mission Store or given away to needy members of the community.

### Electronics Recycling

The East Windsor Electronics Recycling Program provides a convenient and responsible way to recycle all forms of electronic waste locally,

including: radios, all size appliances (e.g. microwaves, toasters, air conditioners, refrigerators), DVDs, VCRs, electronic games, copiers, fax machines, tape recorders, answering machines, ballasts and most other electronic items are now eligible. Almost anything with a plug or battery is accepted

Residents can drop off electronic recycling, Monday through Friday, from 7 A.M. to 3 P.M., excluding holidays, at the Township Public Works facility located at the corner of Ward Street and Etra Road. For questions on a specific item not listed, contact Township Public Works at (609) 443-4000, ext. 215 or by email at [dpw@east-windsor.nj.us](mailto:dpw@east-windsor.nj.us).

**Individuals are responsible for removing data from hard drives and other storage media before dropping them off.**

### Public Works Garage Recycling Services

East Windsor Township provides other disposal services to **residents**. The following items may be dropped off at the Public Works Facility on Ward Street, Monday through Friday between the hours of 7 A.M. - 3 P.M.

- ✓ Computers, televisions, and all other electronics
- ✓ Car Batteries
- ✓ Standard size automobile tires, without rims. Tires may not be dropped off on rims. Tires must be dismounted before drop off. No commercial tires are accepted. Dealers, garages or other businesses may not drop off tires at this site. Tire drop off is for personal disposal by residents only!
- ✓ White Goods drop off is available for residents who do not wish to wait for the third Wednesday of the month for white goods collection. White Goods **drop off** is also available to any Township resident who is not within the Garbage District.

### Recycling Special Events

In the spring and fall of 2015, Mayor Janice S. Mironov and Members of Council will hold special Recycling Day Events. Free paper shredding services to recycle old personal documents and confidential files securely will be available to East Windsor residents only. No Commercial drop off will be accepted. Items that will be accepted for drop-off are: cell phones, fluorescent bulbs, computers and computer components, printer cartridges (for EWRSD Hightstown High School Music Boosters) and used eyeglasses (for the Lions Club). Trenton Rescue Mission also will be on site to collect usable furniture, clothing, blankets and working household appliances and electronics. Dates will be announced in the **Township E-News** and posted on the Township website at [www.east-windsor.nj.us](http://www.east-windsor.nj.us). For further information, call (609) 443-4000, ext. 215.

**Mercer County Household Hazardous Waste Days** are held three times per year. Dates are posted on East Windsor's website at [www.east-windsor.nj.us](http://www.east-windsor.nj.us) and in the Township E-News when the dates are confirmed. The following products are accepted: insect repellents, pesticides/herbicides, weed killers, stains, varnishes, acids, caustics, paint, paint thinner, vehicle batteries, antifreeze, chlordane, pool chemicals, etc. See [www.mcyanj.org](http://www.mcyanj.org) for information. Special Note: Electronic Waste is accepted at Hazardous Waste Days. **Hazardous Waste days are held at:**

Dempster Fire Training Center  
350 Lawrence Station Road  
Lawrenceville, New Jersey

**Mercer County Electronic Waste Disposal Days** are held twice per year. Dates are posted on the East Windsor Township web site and in the Township E-News when the dates are confirmed. The following products are accepted: Camera equipment, CPUs, Circuit Boards, Copiers, Electric Wire Fax machines, Keyboards, Mouse, Microwaves, Phones, Printers, Scanners, Stereo Equipment, TVs, & VCRs – See [www.mcyanj.org](http://www.mcyanj.org) for information. **NO Hazardous Waste accepted. Electronics Waste Disposal Days are held at:**

Sun National Bank Center – Lot 1  
80 Hamilton Avenue  
Trenton, New Jersey

## SECTION 4 – BULK GOODS CURBSIDE PICK-UP

Bulk material consists of mattresses, furniture, scrap wood, doors, windows (no broken glass allowed), fencing, non-metal shelving, other large-sized objects or objects too heavy for household trash, small bundled brush (3 feet or shorter, tied in bundles), and bagged leaves or grass.

Bulk goods curbside pick-up is divided into 4 different areas. Pick-up is done on **Wednesdays only**. See Section 9 for your bulk pickup area.

- Bulk Wed. 1 is picked up on the first Wednesday of every month.
- Bulk Wed. 2 is picked up on the second Wednesday of every month.
- Bulk Wed. 3 is picked up on the third Wednesday of the month.
- Bulk Wed. 4 is picked up on the fourth Wednesday of the month.

**Please be reminded of some points to assist us in collecting your bulk items:**

- ✓ **Make sure your bulk items are at the curb by 7 A.M.** Bulk items may not be placed at the curbside before 9 P.M. the night before scheduled pickup. Empty containers must be removed from curbside by 9 P.M. on the day of collection.
- ✓ Material must be free from sharp jagged edges.
- ✓ Wood must be **free from exposed nails**. Please remove all nails or hammer nails, bending them back into wood piece so that point is not exposed.
- ✓ Bulk materials should be from **residential disposal ONLY!**
- ✓ Bulk items should be limited to two piles no larger than 6' by 4' to ensure completion of pick-up areas for all residents!
- ✓ During the Spring and Summer, trash collection increases measurably due to yard cleanup, construction and home improvements. Please schedule projects which generate bulk refuse to coincide with your bulk pickup whenever possible.
- ✓ Metal cased appliances are **NOT** bulk. They are white goods collected on the third Wednesday throughout the Township. Any all metal waste should be put out with white goods on the third Wednesday. (See Section #5 – White Goods)
- ✓ **Televisions and Computers are electronic waste per State law and can no longer be collected with trash or bulk. They must be recycled. (See Section 3 - Other Recycling Services).**

### CAUTION!

A common error made by residents whose bulk is collected on the 4<sup>th</sup> Wednesday of each month is to put out their bulk on the last Wednesday of each month. **This is not correct!** Certain months have **five** Wednesdays. **Be sure to put out bulk on the 4<sup>th</sup> Wednesday.** Months which have five Wednesdays are used for fleet maintenance and no collections are made. **Please refer to Section 9 to determine which Wednesday is your bulk collection day.**

### Garbage District Residents Only

Disposal of bulk waste is a very expensive service provided to residents of the Garbage District. This service is **NOT PROVIDED** to anyone other than those residents. Contractors who remove bulk trash for profit or as a service to their customers may not dispose of such waste by leaving it at curbside. Residents who are contractors may not place any form of solid waste at curbside other than that generated by their personal residence. Every resident of the Garbage District bears the cost of contractors who dump waste in our Township. Residents who observe illegal dumping or "carried in" waste being left at the curb are encouraged to report such activities to the Public Works Department at (609) 371-7152.

## SECTION 5 – GRASS DISPOSAL

One of the most costly items for the Township to dispose of is grass clippings. The tonnage that is land filled each day by the Garbage District and the resulting cost increase dramatically when grass is added to the solid waste collection. East Windsor encourages every resident to use alternative disposal methods for grass clippings. The alternatives include composting and the use of mulching mowers. In most cases, lawn contractors will remove the clippings if requested.

While the Garbage District does collect grass clippings along with your regular garbage, **please use this method of disposal only as a last resort.** If you must put grass clippings at the curb for collection, place the grass clippings in plastic bags or containers that weigh no more than 50 pounds. Your cooperation in packaging your clippings in smaller bags will make collection proceed more efficiently and safely. Bags should be left open and placed on the curb, **not in the street.** Bags of grass left in the street can block heavy summer rains from reaching the storm drains and cause localized flooding of streets.

## SECTION 6 – WHITE GOODS CURBSIDE PICK-UP

White goods curbside pick-up is performed on the **third Wednesday of each month for the entire Township**. It is the same day for everyone! White goods consist of stoves, refrigerators, washers, dryers, dishwashers, air conditioners, hot water heaters, other metal jacketed appliances, **entirely** metal cabinets and steel. Computers and Televisions are not white goods.

Be reminded of a few points to assist us in collecting your white goods:

- ✓ White goods items cannot be placed at curbside before 9 P.M. the night before scheduled pickup and must be at curbside by 7 A.M. the day of pickup.
- ✓ Material must be free from sharp jagged edges.
- ✓ Goods must be curbside. No collection will be made from any other location on a resident's property.
- ✓ **Doors on appliances must be removed for the safety of our children!**

## SECTION 7 – CURBSIDE WOOD CHIPPING SERVICE

**Chipping and yard waste should be placed at curbside on your bulk day. Chipping should be separated from bulk items and recycling.** Refer to Section 9 for your bulk day.

In general, brush for the chipper is collected once per month, although, we attempt to make additional collections as time permits. Brush should be placed at curbside on your bulk day and will be collected by Friday of that week depending on the volume out for that Area. Your bulk Wednesday is the beginning date for your Area, not necessarily the date on which the chipper will be on your street. It may take 2 or 3 days to complete the entire route depending on the volume of chipping for that month. Once the chipper completes operations on your particular street, it will not return until the following month. Therefore, have material curbside **by 7 A.M. on the start date for your area.**

Due to the nature of the work and the amount other residents have placed curbside, it is extremely difficult to predict the exact date for your individual street. To determine if the chipper has already been through an Area, residents can call (609) 371-7152. **Residents who use contractors must require them to remove the material themselves.** Only chipping originating from a residence will be collected. Contractors may not deposit waste from another location at the curb.

### Wood Chips Available

Any Township resident interested in obtaining wood chips can call Public Works at (609) 371-7152. Chips are delivered within the Township by the **truck load only**. Smaller quantities may be picked up at the Public Works Facility on Ward Street. There is no charge for chips and distribution is made on a first come first serve basis.

Be reminded of some points to assist us in providing chipping service:

- ✓ Chipping may not be mixed with any other type of trash, leaves, or bulk. **Do not mix in leaves.**
- ✓ Chipping improperly put at curbside or which contains non-chipping items **will not be picked-up.**
- ✓ **Do not block** fire hydrants or sidewalks with chipping materials.
- ✓ Chipping should be left in **long straight pieces.** There is no maximum length.
- ✓ Chipping should be placed between the sidewalk and curb, **not** on sidewalks or roadways.
- ✓ Chipping should be placed with the **butt (thickest) end to the left** when observed from the road looking toward your home. Piles should be placed with **branches placed parallel** and not tangled in heaps.
- ✓ Vines, briars, thorns and other vegetative waste with stem size less than 2" in diameter or less than 3' in length should be tied and bundled and placed out with household trash. Do not mix any **hazardous vegetation such as poison ivy or fire thorns with your chipping.** These may be bagged as trash.
- ✓ Roots, brush with heavy dirt, stumps, wood over 6" in diameter and sawn wood of any kind are for bulk pick-up. They must be stacked **separate from chipping** and packaged in single pieces cut to weights of under 50 pounds or tied in **bundles of under 50 pounds.**

## SECTION 8 – LEAF COLLECTION PROGRAM

The Township fall leaf collection program will **begin on Monday, October 5, 2015** and **end on Friday, December 25, 2015**. The program plan is divided into Area 1 and Area 2 for scheduled pick-up. Please refer Section 9 for your Area.

### PASS #1

Area 1	Starts	Monday, October 5, 2015	Ends	Saturday, October 10, 2015
Area 2	Starts	Monday, October 12, 2015	Ends	Saturday, October 17, 2015

### PASS #2

Area 1	Starts	Monday, October 19, 2015	Ends	Saturday, October 31, 2015
Area 2	Starts	Monday, November 2, 2015	Ends	Saturday, November 14, 2015

### PASS #3

Area 1	Starts	Monday, November 16, 2015	Ends	Saturday, November 21, 2015
Area 2	Starts	Monday, November 23, 2015	Ends	Saturday, November 28, 2015

### PASS #4

Area 1	Starts	Monday, November 30, 2015	Ends	Saturday, December 5, 2015
Area 2	Starts	Monday, December 7, 2015	Ends	Saturday, December 12, 2015

### FINAL PASS

Additional full passes will be made throughout the Township beginning Monday, December 14 and concluding Thursday, December 24 weather permitting. The final passes will cover both areas through Dec. 24 or until the first significant snowfall. In prior years, additional passes were made through both areas due to a very successful program and very cooperative weather conditions. Public Works will strive to continue making extra passes in 2015. **Leaves may not be put out after December 21 to allow crews to finish the final pass by December 24.**

The Township leaf collection program uses leaf vacuums pulled by trucks housing large volume boxes for collection. The leaf vacuum will come by each house one time within each scheduled pass. As seen from the above schedule, each Area is scheduled for four passes. **PLEASE be reminded that once the leaf vacuum has passed your house, in order to keep to the schedule the Township cannot accommodate requests for returns until the next scheduled pass.** Cooperation from every resident is essential for the program's success.

Please follow these other guidelines, suggestions and tips to help us provide the best service possible:

- ✓ **Place your leaves in wind-rows (long, narrow, neat piles)** curbside by the starting dates for your area. This is the preferred way of placing your leaves for collection. Residents may place leaves curbside in open bags, but this is not preferred. Bagged leaves will be collected at the same time and schedule as vacuum collection. No separate collection will be done for bagged leaves.
- ✓ **No twigs, branches, trash, or other debris** are to be in leaf wind-rows. These items **must** be removed from your leaves prior to our vacuum arrival. These materials damage our vacuums creating equipment downtime which hampers our ability to keep to the schedule. If we find these materials in your leaves, your wind-rows will be left and we will not return until the next pass. At the next pass, your wind-rows will still need to be clear of these materials.
- ✓ **Do not park vehicles in front of leaf wind-rows.** If we cannot reach your leaves we cannot vacuum them!
- ✓ If you use a contractor they need to be instructed on these guidelines or to take the leaves with them.
- ✓ Once the **final scheduled pass has been completed** on your street, **residents must bag all remaining leaves** and place them curbside in **open** bags. If you are unsure if the final pass has been completed on your street, please call Public Works at **(609) 371-7152** for information.

After December 24, 2015 remaining leaves may be bagged and placed at curbside for collection on regular trash days or on your bulk day. Leaves will be collected in this manner throughout the year 2015 until vacuuming resumes.

### SPECIAL LEAF COLLECTION MONDAY, APRIL 13, 2015 through FRIDAY, APRIL 17, 2015

There will be a special one week leaf collection April 13 through April 17. This spring collection will be the **only time** leaves are collected at the curb until next fall. After this collection, leaves must be bagged for pickup. To have leaves picked up during the spring pickup, **place leaves at the curb no later than Sunday, April 12.** Each street will be picked up only once during the five day collection. Leaves out by April 12 will be picked up prior to the end of the week. Leaves must be separated from all other waste. Please do not mix them with trash or branches. These items must be segregated for scheduled collections. Leaves mixed with branches cannot be picked up with vacuums and mixed piles will not be collected. Please leave several feet between brush and leaf piles if you have both items out for collection. **State storm water regulations prohibit placing any vegetative waste within 10 feet of a storm drain.**
